# REVISED TAX TO PASS HOUSE IN SATURDAY; WILL NET 3 BILLIONS

## Ways and Means Republicans Reject Mellon's New Taxes, but Meet His Figures on Treasury Needs.

### SEEK TO AID BUSINESS

#### Repeals Excess Profit, Sur-tax, Transportation and Ice Cream Taxes; Levy on Fountain Syrups.

### STAMPS GO OFF PERFUME

#### Candy Cut 5 to 3 Per Cent., Art 10 to 5 and Impost Put on Grape Juice and Near Beer Beverages.

Special Despatch to THE NEW YORK HERALD.

New York Herald Bureau, Washington, D. C., Aug. 13.

The Republican tax revision bill was completed by the House Ways and Means Committee to-day after more cuts were made in the tax levies. As it now stands the bill represents a reduction in the present war time taxes of about \$600,000,000 a year and will yield, according to tentative estimates, slightly in excess of \$3,000,000,000 during the current fiscal year.

The measure goes to a conference of House Republicans Monday, when it probably will receive general approval. Opposition to it in the Republican ranks has not yet developed and a White House statement to-day approving the measure probably will result in its expedition. Plans are to have a final vote on it in the House at 3 o'clock next Saturday afternoon. Changes made to-day were:

### Taxation for Soft Drinks.

Reduction of the tax on cereal beverages, including near beer, from 15 cents a gallon, as agreed upon a few days ago, to 10 cents a gallon.

Imposition of \$10 flat license tax on all vendors of soft drinks and "prohibition substitutes." The two above levies are in support to various taxes on fruit juices, syrups and other preparations used in making fountain drinks which were included in the bill to make up the loss in revenue through the repeal of the ice cream and soda water taxes.

In lieu of the repealed 10 per cent. luxury taxes on wearing apparel and hand bags, \$1 portable lighters, fixtures, including lamps of all kinds and lamp shades, \$2.50; fans, \$1; houses or smoking coats or jackets and bath or lounging robes, \$1.

### Changes in Tax Levies.

Besides the changes agreed upon to-day the bill as it will be presented to the conference of House Republicans Monday will contain, members said, these provisions:

Repeal of the excess profits tax and an increase in the income tax on corporations from 10 to 15 per cent., with the 20 per cent. exemption retained, effective January 1, 1922.

Repeal of the income surtax brackets above 32 per cent., effective January 1, 1921.

An increase from \$2,000 to \$2,500 in the exemption to married men having an annual net income of \$5,000 or less, effective January 1, 1921.

An increase in the exemption to dependents to \$400 for each dependent, instead of \$200 as at present, effective January 1, 1921.

Exemption from tax of the first \$500 of income received by individuals from investments in building and loan associations, effective January 1, 1921.

Repeal of the tax on fountain drinks and ice cream and the substitution of a flat tax of 10 cents a gallon on all fountain syrups, to be paid direct by the manufacturer or maker, effective upon enactment of the bill.

Repeal of the stamp taxes on perfumes, extracts, tooth pastes and toilet preparations and proprietary medicines and the substitution of a manufacturers' tax of 5 per cent. on the sale prices, effective on the enactment of the bill.

Substitution of a manufacturers' tax of 2 cents a gallon for the present 10 per cent. on the sale price of unfertilized juice beverages and carbonated waters or beverages or other soft drinks sold in containers, effective on the enactment of the bill.

A reduction in the manufacturers' tax on candy from 6 to 3 per cent., the manufacturers' tax on fur from 10 to 5 per cent., and on sporting goods from 10 to 5 per cent., and the levy on art and work done on the same, effective on the enactment of the bill.

Imposition of a manufacturers' tax of three cents a gallon on certain classes of grape juice and two cents a gallon on other classes, in lieu of the present tax of 10 per cent. on

## Woman Killed, Two Hurt In Crash of Airplane

### PROUT'S NECK, Me., Aug. 13.

Mrs. Edward D. Noyes, wife of the cashier of the Canal National Bank of this city, was fatally injured in the fall of an airplane to the beach here to-day. Her niece, Miss Peggy Smith of Nonquitt, Mass., and the pilot, E. W. Chouinard, of Biddeford, were hurt, but not seriously.

Hundreds of summer visitors, including Miss Smith's father, saw the plane go into a nose dive and plunge into the sand from a height of less than a hundred feet. Mrs. Noyes died at a hospital three hours later.

## HINES STARTS FIGHT TO PUT MURPHY OUT

### Tammany District Leader Will Enter Primaries for the Borough Presidency.

### PLACE OPEN TO TALLEY

### Insurgents Plan to Put Full County and Borough Ticket in Field.

The rumblings of discontent in Tammany Hall since Charles F. Murphy dictated the municipal ticket several days ago developed yesterday into an open revolt, which, it was insisted last night, presages an effort to oust Murphy from control of the city. The leader of the insurgent movement is James J. ("Jimmie") Hines, Democratic leader of the Eleventh Assembly district, Manhattan, who was dropped outside the Fourteenth street headquarters a couple of years ago after he was instrumental in getting Murphy into the famous glucose deal with Louis N. Hartog, who later sued Murphy for \$100,000, and out of which transaction grew an indictment of the Tammany chieftain.

Hines announced yesterday that he will enter the Democratic primaries for the Manhattan Borough Presidential nomination against former State Senator Julius Miller, Murphy's designee, and will put out a complete county and borough ticket, and possibly a partial municipal slate. The main idea, in any event, will be an effort to end the career of Murphy as boss of Tammany Hall.

Joseph Shalleck has been named as Hines' manager for Borough President and will open headquarters Tuesday at the Hotel Commodore. It is the plan of Shalleck to rally to Hines' standard all the Tammany Hall contingents who are dissatisfied with the manner in which Murphy has lorded it over the wishes and judgment of other leaders, of whom there are said to be no inconsiderable number and virtually all of independent Democratic vote.

## CRAIG-BROWN CLASH IS MILESTONE IN CITY'S BANKRUPTCY DANGER

### Comptroller Is Incensed by Lawyer's Charge That Debt Limit Has Been Passed.

### PENAL ACTION HINTED

### Meyer Probe Counsel Sees No Help From Mayor, but Is Sure to Find Remedy.

### ECONOMY IS IMPERATIVE

### Cost of Municipal Government Must Be Reduced, Taxing Limit Being at Peak.

After going over the transcript of last week's testimony of Mayor Hylan before the Meyer committee, former Senator Elton R. Brown, counsel for the committee, stated yesterday that he could find no information in the knowledge imparted by the Mayor about the city's affairs on which the committee could base any solution of the city's financial difficulties.

Senator Brown refused, however, to accept the pessimistic view of the Mayor that nothing could be done to reduce the city's expenditures and lessen the burden of taxes upon its citizens. On the contrary, he said, the Meyer committee is certain it can be done and is determined to accomplish it.

Mr. Brown will call Comptroller Charles L. Craig to the stand Tuesday in an effort to obtain more enlightenment regarding the handling of the city's finances and give him an opportunity to justify the Mayor's oft-repeated assurance that "Craig knows."

It was understood yesterday not only that Comptroller Craig at that time will undertake to make good the conditions upon which he is said to have been accepted by Tammany Hall for renomination—namely, keeping the Meyer committee off the neck of Mayor Hylan by failing to aid the committee in research into the city's financial affairs—but that he is incensed over the charges made by Senator Brown that under the Hylan-Craig regime the city has been run \$100,000,000 beyond its constitutional debt limit and has been taxed illegally to the extent of \$24,000,000.

Although the crime was subverted, repeated appeals from the men of the department, requests of disinterested citizens and a continued fight by Mr. Curran have failed to persuade Commissioner Enright to restore the rank and file of the department to the rank and file of the department failed to move either the Commissioner or the Mayor until after Curran made the matter an issue to be voted on this autumn.

The reason for the opposition of Enright and Hylan to giving the patrolmen one day off was how he was extremely puzzling until a Republican Alderman undertook to force the issue a month or two ago by introducing a resolution putting the Aldermen on record as asking Enright to restore the ten squad system.

Then it came out. The Republican resolution, for which Curran made a personal battle, went into committee and there it stayed until the Tammany side of the chamber had time to introduce a resolution to the same purport. The latter carried a prov. "that 400 additional patrolmen be added to the force at a cost of approximately \$1,000,000 a year."

Enright sent a representative to the Aldermen. The envoy explained that the Commissioner didn't see how he could operate on the ten squad system unless the additional men were granted. The Republican side of the chamber, however, was unable to see the necessity of placing such a price tag at the disposal of Tammany Hall, since for several years Enright had been demonstrating that the plan and gave the appropriation which authorized the appropriation.

That was at the last session of the Aldermen succeeded in having the resolution restored to the calendar for reconsideration when the board met in October, at which time they hoped to have better luck.

Not only has Mr. Curran's taking the issue before the people frustrated that plan and gave the appropriation which authorized the appropriation.

## Murder Trial Is Begun 29 Years After Killing

### EAGLE PASS, Texas, Aug. 13.

—Twenty-nine years after the alleged commission of the crime Estavar Tovar went to trial in District Court to-day on a charge of wife murder.

In the preliminary examination of witnesses it was brought out that an alleged affair which resulted in the death of Tovar's wife had been completely forgotten until recently when the defendant quarrelled with friends. Soon after, it was said, the persons with whom he had the disagreement furnished authorities with information which led to Tovar's arrest.
